### **DARKROOM DESIGNS LTD. CELEBRATES SILVER ANNIVERSARY**

Darkroom Designs Ltd, a graphic arts and prepress company, commemorated its 25<sup>th</sup> Anniversary (1989-2014), by hosting a Gala Cocktail Reception at the T&T Chamber of Commerce on July 04<sup>th</sup> 2014.

The special décor, which included actual negative and positive film pieces, and a darkroom effect complete with black drapes and red lighting, warmly welcomed all invitees. A trip down memory lane was achieved by a display, which featured items and samples the companies provided from the past 25 years to present along with newspaper clippings of the companies' achievements.

The company's Managing Director, Ms. Fareeda Hosein openly thanked all clients, staff, suppliers, bankers, media, advertising agencies, print brokers, fellow printers, graphic artists, family and friends for being a part of their success and growth in achieving this momentous milestone. She addressed the collective group as friends at a reunion.

Darkroom Designs' exciting journey of success and growth is signified when in the year 2000, the company created history by commissioning the first digital offset press in the Caribbean and their sister company Print on Demand Ltd was launched. In 2008, the company further diversified by launching iWave Enterprises which produces local greeting cards, gift bags and boxes, wrapping paper and specialty packaging for the retail market.

The company's tagline, "three companies one vision" unifies the group and their services.

The "First Customer" award went to Ms. Suzanne Dickson from The Print Shop Ltd. and the "Long Service" award went to Ms. Natasha Laban, Operations Manager at the company for over 18 years.

Commemorative gifts were handed out to everyone at the end of the reception.
